

We are looking for permanent reinforcement (full- or part time) in the field of

## Quality Assurance

### OUR COMPANY:

Since 2014, Favendo has been developing and marketing technology-agnostic location based services solutions for corporate customers. The company specializes in indoor positioning and mobile tracking and navigation solutions. Our success is based on our team members' skills, creativity and engagement. We do not compromise when it comes to quality and sustainability. Our friendly Team is committed to providing timely and cost effective solutions for cruise industry, large shopping malls, sports facilities and facility management.

### YOUR TASKS:

- ✓ interact collaboratively with our mobile development team and take care of ensuring product quality
- ✓ being responsible for the development of test concepts, designs and cases on the basis of user stories/specifications
- ✓ plan and execute manual and automated software tests and supervise the test runs. You will also be responsible for documenting and evaluating the test results.

### TECHNOLOGIES WE USE:

- |              |                   |           |
|--------------|-------------------|-----------|
| ✓ Java 8     | ✓ Redis           | ✓ Git     |
| ✓ Spring 4/5 | ✓ RabbitMQ        | ✓ Maven   |
| ✓ Mongo DB   | ✓ Apache Flink    | ✓ Jenkins |
| ✓ PostgreSQL | ✓ Docker, Rancher | ✓ Graylog |

### YOUR PROFILE:

- ✓ Self-dependent work, capacity for teamwork, goal-oriented and results-oriented way of working
- ✓ University or college degree, not compulsory in computer science, e.g. Business Administration specializing in computer science or industrial engineering
- ✓ knowledge of software development and the use of tools such as Jira, Confluence
- ✓ At best, first practical experience in software quality assurance
- ✓ Passion for mobile applications
- ✓ Fluent in German and English – English native speaker preferred

### OUR OFFER:

- ✓ Permanent employment in full or part time
- ✓ Agile and flexible working culture with flat hierarchies
- ✓ Interdisciplinary teams
- ✓ Good development and training opportunities
